

## **Solar Power Bank Specification**

Model   MIQ-S01   Capacity   8000mAh	Item	Picture	Product specification			
Input DC 5V2A(with micro) & DC 5V2A(with micro) & DC 5V2A(with Lightning) Product Weight 255g/220  Output DC 5V2.4A&CC3.0 Material ABS+PC Fireproof  3W LED lamp, 4 lighting setting,sos  Function LED battery indicator Color yellow+gray,orange+gray  Over-charging, short-circuit and over-discharging protection Application SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time About4h Certifications CE,ROHS, and FCC  Time 360 degree rotating holder +phone holder+ 3W LED lamp(max)+ With Mountaineering hook+High efficient sunpower solar panels+4 different lightness +SOS+duble input duble output+56h led light work(max)  Model MIQ-S34 Capacity 8000mAh  Battery Li-polymer battery Size 162*84*22MM lipput DC 5V1A Product Weight 280g  Output DC 5V1A Product Weight 280g  Function LED battery indicator Color black, yellow, orange, green an so on Mobile phone, for ippad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC	1		Model	MIQ-S01	Capacity	8000mAh
Output DC SV1A(with Lightning) Output DC SV2.4A&CC3.0 Material ABS+PC Fireproof  LED lamp SW LED lamp, 4 lighting setting, sos Function LED battery indicator Color yellow+gray, orange+gray  Mobile phone ,for iphone, for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time About4h Certifications CE,ROHS, and FCC  Model MIQ-S34 Capacity Bottom Size High twork(max)  Model MIQ-S34 Product Weight DC SV1A Product Weight DC SV1A Product Weight DC SV1A Product Weight LED lamp LED Solar panel 120mA*N  LED lamp LED Solar panel 120mA*N  Function LED battery indicator Color Slackberry, for Nokia, PSP/NDSL, and Model production put duble output High efficient suppower solar panels+4 different lightness +SOS+duble input duble output+56h led light work(max)  Model MIQ-S34 Capacity 8000mAh Battery Li-polymer battery Size 162*84*22MM Input DC SV1A Product Weight 280g  Output DC SV1A(Max) Material ABS+PC  LED lamp LED Solar panel 120mA*N  Function LED battery indicator Color black, yellow, orange, green an so on Mobile phone ,for iphone,for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC			Battery	Li-polymer battery	Size	18*80*147mm
LED lamp 3W LED lamp,4 lighting setting,sos   Function    LED battery indicator    Color    yellow+gray,orange+gray  Over-charging, short-circuit and over-discharging protection    Application    SAMSUNG, for Elackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time    About4h    Certifications    CE,ROHS, and FCC  Charging Time    About4h    Certifications    CE,ROHS, and FCC  Model    MiQ-S34    Capacity    8000mAh			Input	, ,	Product Weight	255g/220
Function  LED battery indicator  Color  Wellow+gray, orange+gray  Mobile phone , for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time  About4h  Certifications  CE,ROHS, and FCC  Model MIQ-S34  Battery  Li-polymer battery  Input  DC 5V1A  Output  LED lamp  LED  Solar panel  About4 Material  ABS+PC  LeD lamp  LED  Solar panel  120mA*N  Mobile phone , for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time  About 4h  Certifications  CE,ROHS, and FCC  Cepacity  B000mAh  Battery  Li-polymer battery  Size  162*84*22MM  Input  DC 5V1A  Product Weight  ABS+PC  LED lamp  LED  Solar panel  120mA*N  black, yellow, orange, green an so on  Mobile phone , for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time  About 6h  Certifications  CE,ROHS, and FCC			Output	DC 5V2.4A&QC3.0	Material	ABS+PC Fireproof
Protection over-charging, short-circuit and over-discharging protection Application SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time About4h Certifications CE,ROHS, and FCC  360 degree rotating holder +phone holder+ 3W LED lamp(max)+ With Mountaineering hook+High efficient sunpower solar panels+4 different lightness +SOS+duble input duble output+56h led light work(max)  Model MIQ-S34 Capacity 8000mAh Battery Li-polymer battery Size 162*84*22MM Input DC 5V1A Product Weight 280g Output DC 5V1A Product Weight 280g Output DC 5V1A(Max) Material ABS+PC LED lamp LED Solar panel 120mA*N Function LED battery indicator Color black, yellow, orange, green an so on  Mobile phone, for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC			LED lamp		Solar panel	5.5V/1.4W(sunpower)
Protection over-charging, short-circuit and over-discharging protection set with an analysis of protection should be protected and over-discharging protection set with an analysis of protection set with the protection set with an analysis of protection set with the protection set with th			Function	LED battery indicator	Color	yellow+gray,orange+gray
Features  360 degree rotating holder +phone holder+ 3W LED lamp(max)+ With Mountaineering hook+High efficient sunpower solar panels+4 different lightness +SOS+duble input duble output+56h led light work(max)  Model MIQ-S34 Capacity 8000mAh  Battery Li-polymer battery Size 162*84*22MM  Input DC 5V1A Product Weight 280g  Output DC 5V1A(Max) Material ABS+PC  LED lamp LED Solar panel 120mA*N  Function LED battery indicator Color black, yellow, orange, green an so on  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC			Protection	and over-discharging		ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and
Model MIQ-S34 Capacity 8000mAh  Battery Li-polymer battery Size 162*84*22MM  Input DC 5V1A Product Weight 280g  Output LED lamp LED Solar panel 120mA*N  Function LED battery indicator Color black, yellow, orange, green an so on  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC				About4h	Certifications	CE,ROHS, and FCC
Battery Li-polymer battery Size 162*84*22MM  Input DC 5V1A Product Weight 280g  Output DC 5V1A(Max) Material ABS+PC  LED lamp LED Solar panel 120mA*N  Function LED battery indicator Color black, yellow, orange, green an so on  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC			Features	Mountaineering hook+High efficient sunpower solar panels+4 different lightness		
Battery Li-polymer battery Size 162*84*22MM  Input DC 5V1A Product Weight 280g  Output DC 5V1A(Max) Material ABS+PC  LED lamp LED Solar panel 120mA*N  Function LED battery indicator Color black, yellow, orange, green an so on  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time About 6h Certifications CE,ROHS, and FCC			Model	MIQ-S34	Capacity	8000mAh
Protection    Charging Time   DC 5V1A(Max)   Material   ABS+PC		MACHINE PROTINCTION	Battery	Li-polymer battery		162*84*22MM
Protection  LED battery indicator  Color  Solar panel  120mA*N  black, yellow, orange, green an so on  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time  About 6h  Certifications  Color  Color  Color  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time  About 6h  Certifications  CE,ROHS, and FCC			Input	DC 5V1A	Product Weight	280g
Function  LED battery indicator  Color  black, yellow, orange, green and so on  Mobile phone, for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time  About 6h  Certifications  Color  black, yellow, orange, green and so on  Mobile phone, for iphone, for ipad, for cameras, for HTC, for SAMSUNG, for Blackberry, for Nokia, PSP/NDSL, and MP3/MP4 players  Charging Time  About 6h  Certifications  CE,ROHS, and FCC			Output	DC 5V1A(Max)	Material	ABS+PC
Protection    Color   So on			LED lamp	LED	Solar panel	120mA*N
Protection  Protection  Over-charging, short-circuit and over-discharging protection  Application  Application  Application  Mobile phone ,for iphone,for ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and MP3/MP4 players  Charging Time  About 6h  Certifications  CE,ROHS, and FCC			Function	LED battery indicator	Color	black, yellow, orange, green and so on
	2		Protection	and over-discharging		ipad,for cameras,for HTC,for SAMSUNG,for Blackberry,for Nokia,PSP/NDSL, and
Features LED light +Dual output+waterproof			Charging Time	About 6h	Certifications	CE,ROHS, and FCC
				LED light +Dual output+waterproof
